

Miracle

Justin Jesso

I've been on my own
Everybody use to let me down, oh
Holding on to hope
I fell from grace never hit the ground, oh

I was trying to find the opposite of loneliness
There ain't for a word for it
I don't know how you came and found me through the mess
I don't deserve it

All my life I've never seen an angel
Someone to hold me down
Oh, I swear you're making me spiritual
'Cause, right now I'm looking at a miracle
All my life I've never seen an angel
Someone to hold me down
Oh, I swear you're making me spiritual
'Cause, right now, I'm looking at a miracle

Oh-oh-oh-oh, right now, I'm looking at a miracle
Oh-oh-oh-oh, right now, I'm looking at a miracle

Never saw the signs
I was dancing with the devil on my feet, oh-oh
Looking in your eyes
You bring heaven right down on me

I've trying to find the opposite of loneliness
There ain't for a word for it
I don't know how you came and found me through the mess
I don't deserve it

All my life I've never seen an angel
Someone to hold me down
Oh, I swear you're making me spiritual
'Cause, right now, I'm looking at a miracle
All my life I've never seen an angel
Someone to hold me down
Oh, I swear you're making me spiritual
'Cause, right now, I'm looking at a miracle

Oh-oh-oh-oh, right now, I'm looking at a miracle
Oh-oh-oh-oh, right now, I'm looking at a miracle

All my life I've never seen an angel
Someone to hold me down
Oh, I swear you're making me spiritual
'Cause, right now, I'm looking at a miracle

Oh-oh-oh-oh-oh, right now I'm looking at a miracle (ooh, right now, I'm looking at a miracle, yeah-yeah-yeah)
Oh-oh-oh-oh-oh, right now I'm looking at a miracle (oh-oh-oh-oh-oh-oh-oh, yeah-yeah)
Oh-oh-oh-oh-oh, right now I'm looking at a miracle
Oh-oh-oh-oh-oh, right now I'm looking at a miracle (yeah-yeah, I'm looking at a miracle)

All my life I've never seen an angel
Someone to hold me down (someone to hold me down)
Oh, I swear you're making me spiritual (making me spiritual)
'Cause, right now, I'm looking at a miracle
