

Selfish Man

Justin Moore

I want you for the rest of my life
Heart to heart, side by side
Girl you're gonna see that I can be everything that you need
Oh, I want every single kiss
There's not a moment with you I wanna Miss

If that makes me a selfish man
Then call me a selfish man
Oh, I'll live for you baby
Die for you baby
In this crazy world you're all that saves me
Everything you need I'll go get it
When it comes to you I'm a little hard headed
If that makes me a selfish man
Then call me a selfish man

I won't settle for nothin' less
Than giving you the very best
I can't live without you it's somethin' I won't do
Oh, it has to be this way
I wanna wake up to you every single day

If that makes me a selfish man
Then call me a selfish man
Oh, I'll live for you baby
Die for you baby
In this crazy world you're all that saves me
Everything you need I'll go get it
When it comes to you I'm a little hard headed
If that makes me a selfish man
Then call me a selfish man

Nothing short of your love
Will ever be enough

If that makes me a selfish man
Then call me a selfish man
Oh, I'll live for you baby
Die for you baby
In this crazy world you're all that saves me
Everything you need I'll go get it
When it comes to you I'm a little hard headed
If that makes me a selfish man
Then call me a selfish man

Oh, I'm a selfish man
