

# You Look Like I Need A Drink

Justin Moore

I could tell by the way you sounded when you called  
That I wasn't going to like what you had to say  
I could read between the lines there was something different th  
is time  
You're coming over tonight 'cause you couldn't wait  
Now you're in the drive, I'm a wreck inside as you walk in thro  
ugh that door

You look like I need a drink right now  
You look like you're gonna try to let me down nice and easy  
I think I know why you won't sit down  
You're just dancing around what you came here to do but you're  
scared to  
And all I can think, the way you're looking at me  
You look like I need a drink

Been little over a year since you were standing right here  
And I was nervous for a whole 'nother reason  
Now it's a little bit hard being this caught off guard  
Watching you trying to not hurt my feelings

You look like I need a drink right now  
You look like you're gonna try to let me down nice and easy  
I think I know why you won't sit down  
You're just dancing around what you came here to do but you're  
scared to  
And all I can think, the way you're looking at me  
You look like I need a drink

You look like I need a drink

I don't know how this ends or where this goes  
But the only thing I know is

You look like I need a drink right now  
You look like you're gonna try to let me down nice and easy  
I think I know why you won't sit down  
You're just dancing around what you came here to do but you're  
scared to  
And all I can think, the way you're looking at me,  
you look like I need a drink
