

# Brightside

Justin Stone

On the brightside, yeah, yeah  
Yeah, on the brightside, yeah, yeah  
Ay

Yeah, one day cop that brand new Benz wet (Benz wet)  
Hometown askin' am I rich yet ("Are you rich? ")  
Repetition from my chest, that's a bench press  
Studio be chillin', are we makin' hits? Yes (right now)  
Waitin' for the next tour, you wish I was piss-poor  
Started gettin' mad, but what they really gettin' pissed for? (Why yo  
u mad?)  
Seein' more behind the frame, future bright but feel the shade  
Thinkin' ain't nobody feel the way I do  
But someone gotta feel the same

Yeah, on the brightside  
Yeah, this music here became my only lifeline  
Think I'm goin' crazy, I'm not in my right mind, yeah  
Welcome to my life, welcome to my life, yeah  
On the brightside  
Yeah, this music here became my only lifeline  
Thinkin' I'm goin' crazy, I'm not in my right mind, no  
Welcome to my life, welcome to my life, yeah  
Welcome to my life, welcome to my life, yeah  
Welcome to my life, welcome to my life, yeah  
On the brightside  
Yeah, this music here became my only lifeline  
Think I'm goin' crazy, I'm not in my right mind, yeah  
Welcome to my life, welcome to my life

Save some likes from these notes, they be bitin' my flow  
I don't need a Grammy tryna bring to life what I wrote  
I don't drive, I just coast; don't get high, I just float  
I be chillin' with my homies, breaking bread; it's time we eat, yeah  
Fifty-one in FL Studios with the beats  
On the hook, I be catchy; on the sixteens, I'm a freak  
I'll be textin' with destiny, it's 'bout time that we meet  
She ain't 'bout it for you, I bet she's 'bout it for me, for real

Yeah, on the brightside  
Yeah, this music here became my only lifeline  
Think I'm goin' crazy, I'm not in my right mind, yeah  
Welcome to my life, welcome to my life, yeah  
On the brightside  
Yeah, this music here became my only lifeline  
Thinkin' I'm goin' crazy, I'm not in my right mind, yeah  
Welcome to my life, welcome to my life, yeah  
Welcome to my life, welcome to my life, yeah  
Welcome to my life, welcome to my
