

Déjà Vu

Justin Stone

Used to want a deal, used to want to grow up, mm
(Grow up, grow up)
Now I don't wanna grow no more
Got bills, got tax, got stress
Now ignore all of my texts (don't text me)
I don't want friends; no way, you fake
Six months in, no raise
Better hope that this album gets plays
Or it's right back to them nine-to-five days (I don't know)
JK, I'm chillin', we fine
Got that Spotify pride
Might flex the numbers too much (too much)
But not yet, that's when we climb
Took time to register, but change takes time
No range but I go three, six, nine (KK)
Over your head with the last three lines
Gotta check Rap Genius; get into my mind, get into my, uh
I just wanna-wanna go stunt (go stunt)
Jump into the crowd, go nuts (go nuts)
No sweat, yeah, the checks on me (on me)
Wake up while you rest on me (on me)
Tell Sway I don't do no frees (no frees)
Drop sixteen written OGs (OGs)
Flow-flows so nice so clean
Yeah, think I just, think I just, déjà vu

Think I just, think I just, uhh, think I just, déjà vu
Think I just, think I just, uhh, think I just, déjà vu
