

i did it again :/

Justin Stone

I played with your heart
Crushed it up and ran
I did it again
I did it again
I feel fucking bad
Low as it gets
I did it again
I did it again

I played with your heart
Crushed it up and ran
I did it again
I did it again
I feel fucking bad
Low as it gets
I did it again
I did it again

Driving a long street, ay
Smoking a big joint
You need a man
I'm just a bitch boy
Numbing the pain, what do I feel for it? Yeah
I'm high again 'cause I don't wanna quit
'Cause it feel good, eh
Fighting like it's war
Why won't you take me out? Mmh
Then I gotta call for you

I played with your heart
Crushed it up and ran
I did it again
I did it again
I feel fucking bad
Low as it gets
I did it again
I did it again

I played with your heart
Crushed it up and ran
I did it again
I did it again
I feel fucking bad
Low as it gets
I did it again
I did it again, ay
