

# I Just

Justin Stone

After a storm  
I want to be brave  
And keep you warm  
Not fade away

When this all goes down  
When the truth comes out  
I just want you girl  
I just want you girl  
When this all goes down  
When the truth comes out  
I just want you girl  
I just want you

This how I'm feeling I hope that you know  
Got my head spinning 24/7  
Honestly it's out of control  
Hate it but can't help its you that I'm missing  
You got it like nobody else  
Hide all these feelings I keep to myself  
Need you right now but you stuck in the ville  
Love how you saw me before this came real  
Way before limelight and views on my page  
Before the world knew 'bout my name  
Even before I got myself a fanbase  
Way before I got on the stage  
See that right there is the kind of support that I want  
See that right there is the woman I need  
Back getting lost in my feelings again  
If you need something real well you'll know where I'll be

When this all goes down  
When the truth comes out  
I just want you girl  
I just want you girl  
When this all goes down  
When the truth comes out  
I just want you girl  
I just want you girl

(After a storm)  
I just want you girl  
I just want you girl  
(I want to be brave)  
(And keep you warm)  
I just want you girl  
I just want you girl  
(Not fade away)

Don't forget about me  
Don't forget about me  
When you are gone in the fall Please don't forget about me  
Like what if you find someone else  
Like what if I can't measure up  
Like what if I lose everything that I've wanted before it got into my touch  
I can't think about it no more  
I can't think about it no more

I just want you girl, you girl  
Never can I want more  
Got my mind right but you're still here  
No one knows what I feel here  
Couple scars from my past now  
But I'll let them heal here  
Yeah I'm scared to death  
You deserve the best, I'm not good enough  
I'm not good enough, I'm not good enough  
Yeah I'm scared to death  
You deserve the best, am I good enough  
Am I good enough, am I good enough

When this all goes down  
When the truth comes out  
I just want you girl  
I just want you girl  
When this all goes down  
When the truth comes out  
I just want you girl  
I just want you girl

(After a storm)  
I just want you girl  
I just want you girl  
(I want to be brave)  
(And keep you warm)  
I just want you girl  
I just want you girl  
(After a storm)  
(I want to be brave)  
(And keep you warm)  
(Not fade away)
