

Let's Go

Justin Stone

Got the keys, let's ride, let's go (yeah)
Let's go, let's go
Everyone, everyone feelin' my soul, everyone feelin' my soul
Everyone feelin' my vibes (my vibes)
Yeah, everyone feelin' my vibes (yeah)
Let's go, let's go, ay, let's go, let's go, yeah (woo!)

All of my boys get bread (bread)
All of your boys stay broke (no)
Coppin' that Corvette (yeah)
Momma, that's no joke (I am)
How the world you gonna pop champagne with no reason to toast?
I could finally back it up and cutting back on what I boast
The view out here has been amazing ever since I touched the coast (the coast
)
My girl wants me forever, so we might as well elope
Found a man hiding inside of me when things were on the rope
Guess the darkest time can be the thing that pull two bodies close (yeah)
No matter what you going through, things gon' change, I swear (I swear)
Feels like the walls are caving in and no one else could care
But that's so far from the truth
I take my issues to the booth
I feel abandoned, feel alone
But you know that's when I break through
Take these scars and let 'em show
So everyone can see that
You're not the only one unhappy-look at me, I'm bleeding
Look at me, I'm smiling on the out
Inside dead but filled with doubt
That's became the norm for me
Oh well, I'll be riding out

(I'll be riding out)
I'll be riding out
You know I'll be riding out
(I'll be riding out)
Riding out
You know I'll be riding out

Got the keys let's ride, let's go
Let's go, let's go
Everyone, everyone feelin' my soul, everyone feelin' my soul
Everyone feelin' my vibes, everyone feelin' my vibes
Let's go, let's go, yeah, let's go, let's go, ay, yeah

Figure it's 'bout time I flex (flex)
Get things off of my chest (chest)
Did all this on my own (own)
No, I won't answer your text (no)
No, I won't give you a verse (ooh)
No, I won't give you a tweet (no)
Didn't get me promo last year, so no, won't get it from me, yeah
Gettin' lost in these city lights
Really ballin', I swear I'm there
Nothing great came overnight
So I'm grinding slow, get clear on that
Bangers only from here on out

Fate calling like you on deck
God told me, "Gotta make it now"
And I'm staying real 'cause there's no one left, and let's ride

Let's go, let's go
Everyone, everyone feelin' my soul, everyone feelin' my soul
Everyone feelin' my vibes, everyone feelin' my vibes
Let's go, let's go, let's go, let's go
Got the keys, let's ride, let's go
Let's go, let's go
Everyone, everyone feelin' my soul, everyone feelin' my soul
Everyone feelin' my vibes, everyone feelin' my vibes
Let's go, let's go, let's go, let's go
(Let's go, let's go)
