

Midnight

Justin Stone

All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight

Been dreaming 'bout this moment, now we're here (Now we here)
Told 'em we would beat 'em but they ain't never saw it
Friends came in with disappear (I know)
Ghost 'em all, cut 'em off, we don't really need 'em, like
Where the hell were you when I was broke? (I was broke)
Six months a year, I'm on the road (On the road)
Lately, I'd just rather be alone
'Cause I can't trust nobody, tell that chick I gotta go (Yeah)
No one I can trust, so I did it on my own
I ain't sleeping, prolly be the reason that I'm on
Homie tell me got it goin', get it 'til it's gone
'Cause I could die tomorrow, fuck it, music living on (Yeah)
Told my family I'm about to be huge
Hella weeks on the road but be back in a few
I do like triple everything they ask me to do
Haters mad when I'm back in the booth so I'm back in the booth

Been dreaming 'bout this moment, now we're here (Now we here)
Told 'em we would beat 'em but they ain't never saw it
Friends came in with disappear (Disappear)
Ghost 'em all, cut 'em off, we don't really need 'em, like
Where the hell were you when I was broke? (I was broke)
Six months a year, I'm on the road (On the road)
Lately, I'd just rather be alone
'Cause I can't trust nobody, tell that chick I gotta go (Yeah)

All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight

Tourin' states in a tour bus now
With some bands in my rotation, I keep moving, stayin' patient
This the life that I chose, mama check my bank
Stay away from the comments, give a fuck 'bout what they think
I'm doing twice the numbers than these artists sign
Even when I'm chillin', see I'm always on my grind
Take a flight for the night, had to get away
And they say I'm next to blow, finally got 'em on the wave

Been dreaming 'bout this moment, now we're here (Now we here)
Told 'em we would beat 'em but they ain't never saw it
Friends came in with disappear (Ayy, ayy)
Ghost 'em all, cut 'em off, we don't really need 'em, like
Where the hell were you when I was broke? (I was broke)
Six months a year, I'm on the road (On the road)
Lately, I'd just rather be alone
'Cause I can't trust nobody, tell that chick I gotta go (Yeah)

All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight, I'm all alone
All alone in the midnight, all alone in the midnight, I'm all alone

All alone in the midnight, all alone in the midnight
