

## Phase

Justin Stone

No, this glow up ain't no phase  
Hit the function and we rage  
She try to curve me like I'm fazed  
I ain't 'bout it anyway  
I got groupies on the way  
Got the addy where I stay  
Labels want me so they pray  
Check my numbers  
Be amazed

Want the blueprint  
I got it down  
Talking shit better come at me  
I'll throw some hands  
Then I'll keep your girl  
Can't help that she be into me  
Feeling my energy, pause  
I keep checking the odds  
I stay in love with her flaws  
She wanna cuff me because  
I got the stunt  
I got the ego to match  
I got the words that make her  
Make her forget 'bout her last  
Bump that shit when the playback  
Me and my music go way back  
I came up and they hate that  
I just smile that's payback

No, this glow up ain't no phase  
Hit the function and we rage  
She try to curve me like I'm fazed  
I ain't 'bout it anyway  
I got groupies on the way  
Got the addy where I stay  
Labels want me so they pray  
Check my numbers  
Get amazed

Got a plan for when I die  
Give my family my bank account  
Swear you popping, yeah swear you next  
But the songs you make just don't amount  
I got plays like Bieber  
I step back don't need her  
If she got less than 1k on the Gram that's a keeper  
Won't stay lowkey  
I'll say it  
Watch watch me VMA it  
Give me two years and I will be amazing  
Grinding got the pressure off  
I don't take a second off  
I just make some goalies then I go ahead and check 'em off

No, this glow up ain't no phase  
Hit the function and we rage  
She try to curve me like I'm fazed

I ain't 'bout it anyway  
I got groupies on the way  
Got the addy where I stay  
Labels want me so they pray  
Check my numbers  
Be amazed
