

This High

Justin Stone

Yeah, yeah
(Whoa, whoa, whoa, whoa)
Yeah, yeah

Came back from the grave used to own me
Reincarnation that flow heat (wowah)
Underrated underestimated
Waited couple of years to get payment
Look at me I got it now (yeah)
Growing up I was only counted out
Nah-nah-nah-nah, you can sell me now ooh
Now let's hop down woe (woe)
I do it all for the O (yeah)
Everybody thirsty, wanna be famous
I don't give a damn about how much you make it
Every time I spend it make it back
Y'all dream girl tell me I got everything you lack (oh)
Never been a boy been a frak
Keep the team up on my back
Always keep em being locked up (locked up)
Getting tats like I'm being locked up (locked up)
Y'all new stuff re-skinned and cropped up
Swear you just lazy, look at my track list
Work all day, yeah, I be a established
Work on the stage, like I be the baddest
Bet you wish that you had this (yeah)
No I ain't got no degree
I be busting on campus like that's where I sleep
Left her on read or I left her of read
Wherever I am they will follow me lead

Oh, oh
Yeah they will follow my lead
Yeah they will follow my lead
Yeah
Oh, oh
Yeah they will follow my lead
Yeah they will follow my lead
Yeah

I run you like I go bye bye
I got this high all by myself
I run you like I go bye bye
I got this high all by myself

Yeah, yeah, yeah

Now they wanna come round tell me why
Now they wanna come round tell me why

Oh, oh, oh
