

# That's What Love Can Do

Justin Timberlake

I wanted a lover  
To show me the way love goes  
To know what it felt like  
To let something take control  
To live the expression  
I'm head over heels this time  
Unafraid to be open  
And thinking I'd be just fine  
But I found the very end  
That it all depends

'Cause love can lift you so high  
Or it'll leave you to die  
And it's not like you ever get to choose  
(Which way that it leads you)  
Ooh it can play with your mind  
Or make you feel so alive  
Either way you'll survive 'cause  
That's what love can do  
Ohh, yeah yeah  
That's what love can do

I guess now I get why  
They say love is a dangerous game  
'Cause when you think that you're winning  
You find out that you just been been played  
You give and you sacrifice  
You make changes in your life  
Everyone's got advice  
But no one's got a clue (not even you)  
And I found in the very end  
That it all depends

'Cause love can lift you so high  
Or it'll leave you to die  
And it's not like you ever get to choose  
(Which way that it leads you)  
Ooh it can play with your mind  
Or make you feel so alive  
Either way you'll survive 'cause  
That's what love can do  
Ooh, ohh, ooh  
That's what love can do

I'm dreaming, I'm dreaming  
Dreaming of when I believed in  
Fairy tales, sunset sails, it never fails  
Till reality sets in  
I begin to comprehend how crazy this has been  
And I can't depend on  
Anyone for my happily ever after  
Yeah, yeah

'Cause love can lift you so high  
Or it'll leave you to die  
And it's not like you ever get to choose  
(Which way that it leads you)

Ooh it can play with your mind  
Or make you feel so alive  
Either way you'll survive 'cause  
That's what love can do  
That's what love can do

it can tear you apart  
And it's broken, broken my heart  
That's what love can do, ooh
