Turn Out My Lights

Justin Townes Earle

Same old blues comin? ?round again Every night about this time And it?s callin? me like a long lost friend When I turn out my lights

I can see you in my dreams Every time I close my eyes And just like I knew you?d be to Give me through the night

I can feel the darkness fall Like the rain against the wind blows And I can hear your memory like a Dream outside my window babe

Even though I know you?re gone I don?t have to be alone now You?re here with me every night When I turn out my lights

When I turn out my lights tonight And look into your eyes I know it?s gonna be alright When I turn out my lights

?Til it?s them same old blues comin? ?round again Every night about this time And it?s callin? me like a long lost friend When I turn out my lights, turn out my lights
