

Deep End

Justina Valentine

(You got me drowning in your deep end
Always sink or swim
Always sink or swim)

Oh you got me caught in your flow
In over my head but I don't really know
Try to cut you off but I can't let you go

You put my hands in my hair
I put my hands on your dick
You got my name all on you
I put my frame on you
I just wanna love you good
Hit you hit you with the good
Baby, I'm open
Feel like I'm floating

Baby, I been drowning in your love like a deep end
Oh, baby, I been tryna say it's flow but I'm thinkin'

Got-got me going out on a limb
Where do I begin
Where-where do I begin, yeah
Got me drowning in your deep end
Always sink or swim
Always sink or swim (swim)

Realest ass flow in this mothafucka
Up, shits creek, I ain't got a problem now
It's low lifeboat in this mothafucka
So you know I had to saddle up
Ride it up, ride it up, ride it away
I was just surfin' and mindin' my wave

I am so deep in your trenches
I'm lost in my senses
I cannot escape

Yeah I really fell for the bait
The second I looked in your face

Drippin' wet now he lookin' for a dip in
Forever yours, I'm with it
Daddy let's get it
Ride or die till the world blow

Baby, I been drowning in your love like a deep end
Oh, baby, I been tryna say it's flow but I'm thinkin'

Got-got me going out on a limb
Where do I begin
Where-where do I begin, yeah
Got me drowning in your deep end
Always sink or swim
Always sink or swim (swim)

Oh you got me good

Oh you got me good
In over my head, my head
In-in over my head
Oh you got me good
Oh you got me good
In over my head, my head
In-in over my head

Baby, I been drowning in your love like a deep end
Oh, baby, I been tryna say it's flow but I'm thinkin'

Got-got me going out on a limb
Where do I begin
Where-where do I begin, yeah
Got me drowning in your deep end
Always sink or swim
Always sink or swim (swim)

Got-got me going out on a limb
Where do I begin
Where-where do I begin, yeah
Got me drowning in your deep end
Always sink or swim
Always sink or swim (swim)
