

Sunlight

Justina Valentine

Yeah, I got this drink in my cup
I'm on 10, 90210 with my friends
Crash the party, we crash, crash the party
We cause a little trouble but don't bother nobody
La La Land, flew in from NY
Had to show 'em brick city then jumped on a red eye
Hit the club, we don't even need ID
I got the boys hypnotized like B.I.G

Let's live the night, yeah
Like nothing even matters
Til' the light, yeah
It's creeping up over the mountain side, yeah
When I'm with you it makes me feel alive, so alive

(Oh, oh, oh, oh, oh)
We gon party til the sunlight
(Oh, oh, oh, oh, oh)
Cause you only get one life
(Oh, oh, oh, oh, oh)
We gon party til the sunlight
(Oh, oh, oh, oh, oh)
Cause you only get one life

Got the liquor flowing like the ocean
All these bottles on chill got me open
Break it up, roll it up, now we talkin'
[?] and rolling, and smoking the potent
They can't tell me nothing, I'm living my life
Each day's a blessing, you won't get it twice
No worries tomorrow, just live for tonight
Live for tonight, yeah, life for tonight

Let's live the night, yeah
Like nothing even matters
Til' the light, yeah
It's creeping up over the mountain side, yeah
When I'm with you it makes me feel alive, so alive

(Oh, oh, oh, oh, oh)
We gon party til the sunlight
(Oh, oh, oh, oh, oh)
Cause you only get one life
(Oh, oh, oh, oh, oh)
We gon party til the sunlight
(Oh, oh, oh, oh, oh)
Cause you only get one life

I will never let you live alone
This is forever, I will be your home
I will be with you, walking by your side
Just take my hand now, and you can live your life

Let's live the night, yeah
Like nothing even matters
Til' the light, yeah
It's creeping up over the mountain side, yeah

When I'm with you it makes me feel alive, so alive

(Oh, oh, oh, oh, oh)

We gon party til the sunlight

(Oh, oh, oh, oh, oh)

Cause you only get one life

(Oh, oh, oh, oh, oh)

We gon party til the sunlight

(Oh, oh, oh, oh, oh)

Cause you only get one life
