

Anticipation

Justine Skye

So I'm in love with a man, I don't care his age
He's been calling all the time but I don't know what to say
I don't wanna lead him on, but you know that I had no choice
I been tryna be strong, but baby you should hear his voice
He be like, keep your calm now, keep your cool
Keep it coming yeah, flex me loose

Just over here been thinking lately, bout what you do
Touch me, tease me, caught in your vibe
Take me deeper, show me your mine
It's the anticipation, anticipation
Don't keep me waiting
I want it right now, I want it right now
It's the anticipation, anticipation
Don't keep me waiting
I want it right now, I want it right now

She's in love with some man, I don't care about his age
But I'm a young boy with the swag, the style
And me gon' give her a bad man page
And she be like, you so rough when you talk to me boo
Well that's how a rude boy do
I ain't no man, so you know I gotta do what the young boys do

Keep your calm now, keep it calm now
Keep it calm in my heart, flex me loose yeah

Just over here been thinking lately, bout what you do
Touch me, tease me, caught in your vibe
Take me deeper, show me your mine
It's the anticipation, anticipation
Don't keep me waiting
I want it right now, I want it right now
It's the anticipation, anticipation
Don't keep me waiting
I want it right now, I want it right now

Won't you come around boy, we don't wanna waste no time
Clock ticking like my body, won't you come behind me, slow wind
If you want it, I'm coming, I'll be there in a sec
Check your phone I just sent you a nice lil sweet half text
And I'm like, I'ma link ya anywhea ya dey
Give ya anything ya want baybeh
Me are telling other man, me not gon' find no woman like you Skye

It's the anticipation, anticipation
Don't keep me waiting
I want it right now, I want it right now
It's the anticipation, anticipation
Don't keep me waiting
I want it right now, I want it right now
