

# Back For More

Justine Skye

You should be right here in this drop top  
Or in the sand, on the beach, let our lips lock  
Sex me with a view over mai tais  
No wi-fi get to My hotspot  
Can I be honest?  
Yeah, we both want it, yeah  
You're losing focus  
I hope you notice  
You don't miss a good thing until it's gone  
You don't take me serious until I'm done  
You don't miss a good thing until it's gone  
And you don't take me serious until I'm done

You'll be back for more, yeah, yeah  
You won't regret it, (oh yea!) oh no  
You'll be back for more  
You won't regret it, (oh yea!) oh no  
No, no, no  
No babe

Pull up, right now  
Ain't no need for us to play around  
The argues  
Played out  
Broken record let it fade out  
Got me all up in my feelings  
You out partyin', I'm chilling  
You don't miss a good thing until it's gone  
You don't take me serious until I'm done  
You don't miss a good thing until it's gone  
And you don't take me serious until I'm done

You'll be back for more, yeah, yeah  
You won't regret it, no no (Won't regret it)  
You'll be back for more  
You won't regret it (oh yeah!)  
I'll call it payback  
If you do (I do)  
But we both know what you want on the low (low)  
His love was faded  
From your mind  
So when I hit you up you come in no time (No woah)  
At my doorstep  
You arrive (Arrive)  
Tench coat on, wearing nothing insaide (Nothing inside)  
You came late yeah, but you right on time (Right on time)  
All I know (All I know)  
All I know (All I know)  
You'll be back for more  
You won't be regret, oh yeah  
You'll be back for more  
You won't regret it (You won't regret it)  
No, no, no  
Na babe  
Ohhh, Ohh
