

# Bulletproof

Justine Skye

They want me, but you, know me  
You're my no place like home (Home)  
You're the type to take control, I know (I know)  
Summer day, upon your bedy (Ay ay ayy)  
All rachet for my baby (Ay ay ayy)  
You don't rest until we  
But we're bulletproof, no army

Bitches runnin' 'round saying they gon' make time  
For you, I know I could do time  
You ain't gotta all tatted on my waistline  
You, you're the only one on my mind  
All my friends and my momma bang both signs  
You, you be shining like a green light  
You gon' miss the sun starin' at the sky

We ain't gotta love like everyone else  
We ain't gotta love like everyone else  
'Cause we know we bulletproof  
Don't need to make excuses  
We ain't gotta love like everyone else  
We ain't gotta love like them

We ain't gotta tell the world what we're doing now, why, why, why, why, why  
Keep it away from these birds, all they do is tweet, tweet, they ain't comin  
g offline  
I ain't gotta do the most to show that you're my baby  
We already know the deal, we ain't gotta overkill, no, no

Bitches runnin' 'round saying they gon' make time  
For you, I know I could do time  
You ain't gotta all tatted on my waistline  
You, you're the only one on my mind  
All my friends and my momma bang both signs  
You, you be shining like a green light  
You gon' miss the sun starin' at the sky

We ain't gotta love like everyone else  
We ain't gotta love like everyone else  
'Cause we know we bulletproof  
Don't need to make excuses  
We ain't gotta love like everyone else  
We ain't gotta love like them

We ain't gotta love like them

Bitches runnin' 'round saying they gon' make time  
For you, I know I could do time  
You ain't gotta all tatted on my waistline  
You, you're the only one on my mind  
All my friends and my momma bang both signs  
You, you be shining like a green light  
You gon' miss the sun starin' at the sky

We ain't gotta love like everyone else  
We ain't gotta love like everyone else (We ain't gotta love)  
'Cause we know we bulletproof

Don't need to make excuses  
We ain't gotta love like everyone else (No, no)  
We ain't gotta love like them

We ain't gotta love like them  
We ain't gotta love like them, no, oh  
Yeah-ah, we ain't gotta love like them
