

Hypnotized

Justine Skye

Ooh
Put it down on me, do it good, lose ya life
If you change on me
Every night, what I like
You inside
Ain't a damn thing, this is so big
Got me hypnotized 'cause
If I know one thing
You ain't earn trust
Givin' all this energy to us
If I'm wasting all my time on lust
Damn ain't enough

I get it in my head, I feel like
You made me this way, that's real life
I'm feeling a way I can't lie
She get in my way, I just might
Might smack this ho ho
She get in my way, I just might
Lose all control ho
She get in my way

Boo, I'm the only reason anybody look at you
If your name pop up it's cause it was my agenda
These days, niggas think they sweet till they end up
Bein' just a friend of me, yeah

I get it in my head, I feel like
You made me this way, that's real life
I'm feeling a way I can't lie
She get in my way, I just might
