

# Still

Justine Skye

Come To Me  
I Want to Love You Back  
Oh Baby Run To Me  
You are the best I had  
Under the circumstance  
I barely see your face  
Can't forsake what we have  
It just can't be replaced

I'm still yours  
Whenever you wanna come back  
I'm still yours... just like that  
Uh huh  
Ooooh yeah  
I'm still yours  
Ooooh yeah

Yes, I ignore your texts  
Wish I could write you back  
You say you're over her  
But I don't know the facts

I want to be your lover  
Want you to be my friend  
I want this to go on  
Hope this time it won't end

I'm still yours  
Whenever you wanna come back  
I'm still yours... just like that  
Uh huh  
Ooooh yeah  
I'm still yours  
Ooooh yeah  
I don't know what she doing but she got me jealous  
Look at what she ruined gotta run and tell it  
I hope I don't seem foolish or super careless  
But I wish I feel asleep and woke up back in Paris

With you  
With you

I'm still yours  
Whenever you wanna come back  
I'm still yours... just like that  
Uh huh  
Ooooh yeah  
I'm still yours  
Ooooh yeah

Boy come talk to me  
I just need to see your face  
Boy come and walk with me  
I promise I won't step in the way  
Baby I need you right now  
To take these tears and hold me like I'm tender
