

# Trust

Justyna Steczkowska

your words  
your war  
the stream of mind blows in our sails  
all colors have been named,  
we betrayed all unknown faith  
the way to the sun is far  
to...  
the moonlight ....  
night...  
I heard nooo, don't try!  
before  
I fell,  
I fell  
asleep,  
I saw a dawn  
before...  
I woke up  
I was part of past  
there is no space to  
build the dreams  
I see...  
moon ahead  
and is....  
there any light  
I feel...  
that I can trust  
I trust....  
in my feelings  
  
I feel....  
that I can trust  
I trust....  
in my feelings  
I feel...  
the light in you  
I feel...  
the light in me  
the light...  
of love...  
your light  
in my soul...  
And I'm  
light too  
I feel your soul  
I feel your soul
