

# Break It Down

Juvenile

Don't stop now get it get it  
Get it get it, get it get it  
Don't stop now get it get it  
Get it get...

Look at how she movin, look at how she do it  
Pop and know they payin, stayin workin her booty  
But shorty's a winner, she ain't no beginner  
Just look at the way she make her ass go up  
She loves to break it down, break it down (down down down)  
(Breakin it down) Break it down, break it down (she breakin it down)  
She loves to break it down, break it down (down down down)  
(Breakin it down) Break it down, break it down (she breakin it down)

M.J. girl right here "I'm Bad"  
Fuck that nigga right there, he fag!  
What'chu lookin for girl I'm on  
And I ain't gotta tell you shit but I'm grown  
Don't stop now, get it get it  
Want dick right now HA! Just admit it  
As Lord is the witness  
When times comes, I'ma give you the business  
Left right then jack that juice  
All you can say is big daddy is good  
I can have you in my steak  
You can be a side dish on my plate  
and I just ate and I'm still not straight  
You could be the judge bitch hear my case!  
I ain't talkin 'bout your girl right there  
but your girl right there

She be all on the ground  
She be poppin it and splittin like the circus in town  
If that's your girl then oh my bad (my bad)  
Just tryin to hold that ass (that ass)  
It's amazing how she make it go  
rounnnnnnnnnd

Shawty what you drinkin?  
I wanna feel yo' brain, get in yo' thinkin  
Later on let's lengthen  
And just tell me the #, I don't need no ink pen  
Yo' booty talk like reverends  
And I just cain't pass my blessing  
Everybody in the club's got questions  
But ooh girl just keep 'em guessing  
And get low my dear  
Niggaz is broke but not right chea  
Not me, you got me wrong  
I still got money from the "Bling Bling" song  
Yeah! I got old (Ca\$h Money)  
Fuckin with me'll get you more (Ca\$h Money)  
I ain't talkin 'bout your girl right there  
but your girl right there

Her ass go round and round  
Forward back up and down

And when she back it up  
Beep beep she make that truckin sound  
Her ass go round and round  
Forward back up and down  
I ain't talkin 'bout her right there  
but her right there (look at how she move it)
