I need a breath to breathe  
Chasin' with the Hennessey now thats how a G play  
Especially when them hoes shakin' that ass and a DJ  
Hip hop had do it big give him some leway  
N security stop trippin' and you niggas be easy

Its your birthday lil mama get your Kodak on  
But don't quit showin' the world you gunna throw that song  
We ain't beefin' like nah we on the positive vibe  
But I still get the homicide squad on the side  
See I'm holdin' on to the steering wheel controllin' the ride  
And yall comin' out a bumpin' cuz I got it in drive  
I'm really feelin' your outfit it must be nice  
A hard worker like myself could afford that price  
I can't deny that you's a beautiful bitch  
You got a face and a ass and a smile that won't quit

[Chorus]

Let me see you work that, Twurk that, sur that c'mon and do the rodeo  
Let me see you bounce that, move that, do that let me see you do the rodeo  
Let me see you work that, Twurk that, sur that c'mon and do the rodeo  
Let me see you bounce that, move that, do that let me see you do the rodeo

We not judgin' by size thats all statistics  
Just turn the lights down and it's ballerific  
It's not the right spot to let your daughters visit  
There's some freaks up in here and it's all explicit  
My round put me on just cuz he won't leave  
Shit I hope he don't be trippin' on some B home shit  
Cuz jack ain't worried about who Stacy's with  
N he don't have to be puttin' up with Stacy's shit  
I ain't lying sometime when you cross my path  
up in the club all night a nigga stomp your ass  
Fine I ain't trippin'  
And I know you ain't trippin' cause I know you wore that the other nite for me

[Chorus]

Let me see you work that, Twurk that, sur that c'mon and do the rodeo  
Let me see you bounce that, move that, do that let me see you do the rodeo  
Let me see you work that, Twurk that, sur that c'mon and do the rodeo

Let me see you bounce that, move that, do that let me see you do the rodeo
