JVKE

I'm not going out tonight
So don't bother calling my phone
Cuz I'm not picking up tonight
Not tonight

Baby you're my remedy
When you're lying next to me
Baby you're a melody I wish I wrote

I need you like I need home
To kick my feet up and rest my soul
I'm here knocking at your door
Just give me the key
And let my heart go "dum, Dee-dum"

And if my homes where my heart is
Leaving you makes me homesick

I need you like I need home
To kick my feet up and my heart go "dum, Dee-dum"
"Dum, Dee-dum"
"Dum, Dee-dum"
And my heart go "dum, Dee-dum"
"Dum, Dee-dum"
"Dum, Dee-dum"
And my heart go "dum, Dee-dum"

And if my homes where my heart is
Leaving you makes me homesick

I need you like I need home
To kick my feet up and my heart go "dum, Dee-dum"

I'm not going out tonight
So don't bother calling my phone
Cuz I'm not picking up tonight
Don't leave a message at the tone
It's a no
Nooo
I'm with you
Yeah, I'm home
But I'm not alone
No I'm not alone
I'm with you

Baby you're my remedy
When you're lying next to me
Baby you're a melody I wish I wrote

I need you like I need home
To kick my feet up and rest my soul
I'm here knocking at your door
Just give me the key
And let my heart go "dum, Dee-dum"
"Dum, Dee-dum"
"Dum, Dee-dum"
And my heart go "dum, Dee-dum"

"Dum, Dee-dum"

"Dum, Dee-dum"

And my heart go "dum, Dee-dum"

And if my homes where my heart is

Leaving you makes me homesick

I need you like I need home

To kick my feet up and my heart go "dum, Dee-dum"
