K Camp

All night (what's up)  
All night  
Party all night  
All night  
All night

I, I don't really know about you  
But I came to party all night  
Welcome to my party  
Drinking at my party  
It's a perfect party  
I, I don't really know about you  
But I came to party all night  
Welcome to my party  
Smoking at my party  
It's a perfect party

Fall off in the club they like damn who is he  
Baby come and shot with yo boy (ooh wee)  
We came to party, baby girl loosen up  
We in the building we 'bout to (turn up)  
I'm hot, I'm burning up [?]  
And when I hit the cup, I take off just like a jet  
Drink one, drink two, what's next  
I don't really know  
But I'm choosing her so you know that it's a go  
Come on girl lets go  
Where you wanna go  
Green light, green light go  
You know that I go  
Off, swagging like this here  
Let me see you turn up  
It's the party of the year  
And I tell 'em

I, I don't really know about you  
But I came to party all night

Bud out my mind but here's the situation  
Say she wanna go but you didn't get no invitation  
It's no hesitation  
I like what going on  
If he can't go and I can't go, that mean there something wrong  
And it's my party, I can cry if I want to  
Hello to my boo hoo  
Do what she is suppose to  
And we understand each other there's no need to worry  
Trust me if you're insecure, I'll be there in a hurry  
I can give directions, baby girl, if you feel loss

It's a crazier appetite, my outfit compliments the sauce (sauce)  
Aye what party hot now I suggest you pull the foul  
And they goin' look at me like I ain't been out in awhile
