# Baggage (Freestyle)

**K Camp**

I'm tryna tell you what's real
I'm tryna tell you the situation
I'm tryna open your eyes and let you see from my point of view

Why you be bitchin' and naggin'
Don't want to deal with your baggage
I'm in the Porsche and the dragon
Baby I'm single, what's happening?
Me and you we can make magic
I fell in love with the fashion
I fell in love with her passion
I'm the one bringing the cash in
Check out the [?] It's splashin'
Break the hoe down like a fraction
You see the cameras keep flashin'
Watch where you dumpin' your ashes
She got that fire like a dragon
You wonder why I am attracted
Maison margiela my glasses
Ain't got no time for relaxing

Let's go
Fuck it let's hop in the Porsche
Fuck it let's hop in the Benz
I'm the one setting the trends
Rappers ain't really my friends
Feel like the 1st of the month
I'm tryna bring in a set
If you play around with the money
Easiest way to get smacked
Easiest way to get whacked
I got excel on the track
Inside the double r track
My money longer than shaq
My money longer like Uzi
Percocet got the boy whoozy
Shootty you thicc like a smoothie
We going up on a Tuesday

Why you be bitchin' and naggin'
Don't want to deal with your baggage
I'm in the Porsche and the dragon
Baby I'm single, what's happening?
Me and you we can make magic
I fell in love with the fashion
I fell in love with her passion
I'm the one bringing the cash in
Check out the [?] It's splashin'
Break the hoe down like a fraction
You see the cameras keep flashin'
Watch where you dumpin' your ashes
She got that fire like a dragon
You wonder why I am attracted
Maison margiela my glasses
Ain't got no time for relaxing

Ain't got no time for no fakes

Can't put foot on the brakes
I do whatever it takes
Know that I'm watching the snakes
Yeah I done made some mistakes
Bitch that's the price to be great
I put a price on your head
I'm doing numbers like Drake
Knock on the [?] Like I'm Blake
I'm tryna blow out the cake
I'm tryna own an estate
I'm tryna fly out the states
Give me some head in a wraith
Shotty you gotta embrace
A nigga like me I create
Gotta know I am awake

Why you be bitchin' and naggin'
Don't want to deal with your baggage
I'm in the Porsche and the dragon
Baby I'm single, what's happening?
Me and you we can make magic
I fell in love with the fashion
