

Bussa Move

K Camp

Ayy, Natra, this ain't average

Guaranteed to bust a move, baby, but I don't dance
Shawty really want my time but I don't do the romance
Still caressing on your body, cannot grip with both hands
I need all the money, times ten, just sayin'
I be jumpin' out my body when them funds came over
Who are you? I got one, drop that to the floor
Pretty pussy [?] she gon' do it slow
You can see it in my eyes, I ain't going back broke

She know I'm not average, shawty know that I'm havin' it
Came with that bag and shit and I ain't really with that braggi
n' shit
You know I pick up when you call me
I can't get 'em off me, I leave my exes salty when I pull up in
that Ghost
He not me, I'ma do the most
Ace of Spades, let's have a toast
Pull up in 'Raris, pull up in Ghosts
Jump in a plane, let's hit the coast
Baby know she got that Fiji, yeah, yeah
Niggas stealing swag, I be like, "Free my"

Guaranteed to bust a move, baby, but I don't dance
Shawty really want my time but I don't do the romance
Still caressing on your body, cannot grip with both hands
I need all the money, times ten, just sayin'
I be jumpin' out my body when them funds came over
Who are you? I got one, drop that to the floor
Pretty pussy [?] she gon' do it slow
You can see it in my eyes, I ain't going back broke
