Tell em come see, you ain't met a nigga like me

Now picture me holding you (let's go), and sometimes I can't lie

And I'll never let a nigga talk down, or run over you (nah)

Telling you the truth, baby tell me what you want to do

Say you want to meet, same place same time (woo)  
Put it on my face, anywhere, that's fine  
I can't even lie, girl you still on my mind  
Say you done with that last nigga, baby stop lying

So I'm doing everything I can, tryna make it work  
If I tell you my secrets, would you keep 'em (what)
