Swear these niggas tried to lock me down, lock me down
Swear these niggas tried to stop it now
Took a break now I'm back around, back around
Ridin low in that Cadillac

All the squad in the lobby with me
Fast life Kawasaki livin, fff

Every cross I bought a blessing

Went from arguing on the phone to texting
Bought a beamer bottom to my ride or die
But you going the wrong direction, where r u goin?
Changing lanes you better U-turn, skrt

Say I ain't the same but ain't nothing change except that you burned out
Left me in the cold
How could you do that you knew not to do that, we came from the floor
All we had was each other we was broke
