

First Time

K Camp

Girl I Just wanna touch you like the first time, Imma do yo body right

Girl I Just wanna fuck you like the first time, cuz we only got one night

Girl look in yo eyes, I can tell you ready

All you gotta do is lay it down

Let me give it to you girl like its yo first time

Like its yo first time

You ready baby, cause I'm ready baby

You wanna ride like a mercedes

Imma take it slow like it's yo first time

Dont worry girl, the pleasure's mine

Cause imma go deep go deep go deep, have you messin up my sheets

By the way you scream my name I can tell that you a freak

We only got 1 night, Imma make it worth your while

Baby throw it back like its going out of style

OK now girl you know I want'cha, that there ain't no secret

Just call me the plumber girl I can tell you leakin

That ass sittin right, I can't help but grab it, grab it

Make yo clothes disappear no magic

They gone, take it there I just wanna hear you moan

It's ok, girl we both grown

Yea treat it like its yo first time, just tonight if you don't mind girl
