I snatch the stars out the sky for you  
No, I'm not perfect, but I try for you  
Na-na-na-na-na, you-oooh, I do it for you  
You-oooh, ooh  
You-oooh  
You-oooh, ooh  
(Pass all them other hoes goin' by for you)  
You-oooh, na-na-na-na-na-na, for you, for you

Skin soft, let you melt in my hands  
Testin' me like final exams  
You so sexy, lash and your glam  
Spark, spark, that pussy, yes, ma'am  
Spark, spark, you don't fall for no hype  
Lemon drops and bops is yo' vice (You are so sexy)  
In that mode, I love when you nice  
Sendin' pics, that turn up my night (My night)  
I'm glad I'm on your mind  
How you work them angles like that? (Like that, like that)  
God must have took his time

This our yard man ting, hold your blick up  
Anything that I drop, they gon' pick up  
If you was down from the jump, don't switch up
