

Good Time

K Camp

I'm here for a good time, not for a long time
So please don't feel no type of way
I'm here for a good time, not for a long time
Tryna know if you gon' let me fuck today

Yeah, baby, can we fuck? No strings attached
Booty sittin' up, waist lookin' snatched
Shawty must know she done met her match
Stomach on that bed and arch up the back
Fingers on lips, love when it's wet
Fingers on lips (Tryna make you sweat)
Lovin' that grip while I grip on your neck (Hey)
Baby, don't trip

I'm here for a good time, not for a long time
So please don't feel no type of way
I'm here for a good time, not for a long time
Tryna know if you gon' let me fuck today

And you know you're mine, ain't no discussion
Know you love the drama, but stop all the fussin'
Boy, now you dealin' with a different type of woman
Boy, now you dealin' with a different type of woman
Wanna come when the stars out
Make a nigga wanna pull out
Pussy good, he never pull out, pull out, pull out

Let me fuck tonight, she gon' let me fuck tonight
Let me fuck tonight, she gon' let me
Let me fuck tonight, she gon' let me fuck tonight
Let me fuck tonight, she gon'

I'm here for a good time, not for a long time
So please don't feel no type of way
I'm here for a good time, not for a long time
Tryna know if you gon' let me fuck today

You was with it, I could tell from the start
I was just playin' my part
We would've been that if it was up to me
But you came through with some company
So what's up with your friends?
We can get ratchet in the bed
I know you what you wanna do, don't pretend
Now she at the door knockin', let her in, let her in
If I get it, you ain't leavin'
Ain't goin' back and forth, I'm lockin' in for the weekend
Y'all givin' me your reason (Reason)
Four beds, get the special treatment (Yeah)
Two-v-one, tryna have some fun, oh-ah
In the presence of the real, let me show you how it's done

I'm here for a good time (Good time), not for a long time (Oh woah)
So please don't feel no type of way (Don't feel no type of way)
I'm here for a good time, not for a long time
I'm tryna know if you gon' let me fuck today

Let me fuck tonight, she gon' let me fuck tonight
Let me fuck tonight, she gon' let me fuck tonight
Let me fuck tonight, she gon' let me fuck tonight
