Fell in love with your vibe and your curves

They be watchin' the boy like it's Twitch (Yeah)

Fly your ass out and you stayin' with me
These niggas don't understand me
Baby, just stop all that talkin' and jump right up on me
Just do what you see on the way up (Ayy)

I got a ho that gon' hold me down (Hold me down)
And she gon' make sure that I'm certified
I hit the city and make my rounds (Make my rounds)
That ho said that she had me, I know she lied

Say that she tryna pull up, she know, she know, she know I'm occupied (Oh)
