

# I'm Good

K Camp

When it rains I think of you  
When all them nights I was there with you  
Through the pain, why you do me like that?  
Turned your back  
But don't worry, girl I'm good  
I'm good, I'm good  
I'm good, girl I'm good  
What's in the past gon' stay there  
I can't make the same mistakes therefore I'm good  
I told a thousand lies to prevent the cries  
Now it's good bye cause I realized I'm good  
Now I done moved on, feeling gone  
I'm good

She say that I'm acting different  
She say I'm not the same nigga  
Last time I checked when I looked in the mirror  
Bitch I was the same nigga  
But I do apologize for all them times I made you cry  
Even though I tried to make that bullshit work  
Guess we couldn't see eye to eye  
And I'm not the guy that you fantasize  
You couldn't hold on that I'm on the rise  
Now I got a new bitch, don't act surprised  
I'm just a young nigga tryna multiply  
My bankroll, and I know I'm not perfect at all  
Just want to know are you there when I fall?  
If ain't real I don't want it at all  
Will you be there when I call?

When it rains I think of you  
When all them nights I was there with you  
Through the pain, why you do me like that?  
Turned your back  
But don't worry, girl I'm good  
I'm good, I'm good  
I'm good, girl I'm good  
What's in the past gon' stay there  
I can't make the same mistakes therefore I'm good

Time go by and I see you  
That yo ass got a brand new nigga  
I just hope that you happy  
I just hope that you happy  
And I ain't gon' lie, yah it be some nights  
That I really do miss you  
But I just hope that you happy  
I just hope that you happy  
But he can't fuck you like I do  
Can't fuck you like I do  
Lick you up, now turn your ass around  
And I hit it from the back like boom  
I done packed my bags and my suitcase full  
Baby ain't no room  
So I ain't really worried about you  
I ain't really worried about you  
But I know

When it rains I think of you  
When all them nights I was there with you  
Through the pain, why you do me like that?  
Turned your back  
But don't worry, girl I'm good  
I'm good, I'm good  
I'm good, girl I'm good  
What's in the past gon' stay there  
I can't make the same mistakes therefore I'm good  
I told a thousand lies to prevent the cries  
Now it's good bye cause I realized I'm good  
Now I done moved on, feeling gone  
I'm good

I swear they all the same, I swear they all the same  
I swear they all the same, I swear they all the same  
I swear they all the same, I swear they all the same  
I heard she want love, I don't believe that  
Cause everywhere I go these hoes be the same  
She really asking where the cheese at  
It really ain't nothing for me to pick your brain  
But I learned

I swear they all the same, I swear they all the same  
I swear they all the same, I swear they all the same  
I swear they all the same, I swear they all the same  
She don't know my name, she just see the chains  
And she want the fame, girl stay in yo lane  
She must love the pain cause she will never change  
I thought you was different, maybe I was trippin'  
Maybe I was trippin', learn from my mistakes  
You can get replaced, look at me I'm straight  
But I learned

I swear they all the same, I swear they all the same  
I swear they all the same, I swear they all the same  
I swear they all the same, I swear they all the same  
I swear they all the same
