

# Ice Cold

K Camp

Got smoke, wonder if I get on this one

Shawty ice cold, she stiff for the nigga  
Pop me a perc and float like the river  
I shoot shots, like Reggie Miller (Shoot)  
Girl you look so familiar  
She a bad one, she love Christian  
She love diamonds, pay attention  
Can I have you? Girl I want you  
Girl I need you (Oh, oh)  
Thought I had you, then you left me  
Get my snipe on, feel like Wesley (Yeah)  
Feel like Wesley, tryna love you, if you let me (Let's go)

What's your vibe on? What's your next move? (Yeah)  
You the one I wanna be next to (Yeah)  
Hope you don't mind when I text you (Yeah)  
Stop playin' girl, let me bless you (Oh-oh-oh)

Oh you back again (Oh-oh-oh)  
Say you single and you ready, girl wuz hannin' then? (Girl wuz hannin' then?)  
I let you leave me once before and I can't pass again
