Took some chances with this shit  
We won't fall out bout no bitch  
I got too much bread to get  
And I'm gon' eat with the ones I'm with  
Flex on up that make 'em sick  
Too many hoes, let me take my pick  
Too many lame niggas on my dick  
Too many shows now a young nigga rich  
It ain't fair  
Way too many it ain't fair, way too many it ain't fair  
Way too many it ain't fair, way too many it ain't

I got too much money on me shawty  
New bitch too much I done bought a Masi'  
Yeah young nigga came back strong for a lil bitch  
That nigga broke yeah he working with a lil bit  
Told my girl I'd see her in a little bit, it ain't fair  
I'm just working tryna stack up a little bit  
Shawty gon' fuck with a nigga with some benefits  
Ride in the shit with the stars in the ceiling bitch

Took some chances with this shit  
We won't fall out bout no bitch  
I got too much bread to get  
And I'm gon' eat with the ones I'm with  
Flex on up that make 'em sick  
Too many hoes, let me take my pick  
Too many lame niggas on my dick  
Too many shows now a young nigga rich  
It ain't fair  
Way too many it ain't fair, way too many it ain't fair  
Way too many it ain't fair, way too many it ain't

They gon' hate on every move that I make  
So what? Flex up, my squad, my team, we up  
Young nigga came from the trenches  
Now a nigga ball, y'all still riding benches  
Now I'm a savage and the boy so relentless, it ain't fair  
That 9 on my side like Pippen  
Got my racks up now a nigga Saks Fifthing  
She don't go to church but I bought her ass Christians

Took some chances with this shit  
We won't fall out bout no bitch  
I got too much bread to get  
And I'm gon' eat with the ones I'm with  
Flex on up that make 'em sick  
Too many hoes, let me take my pick  
Too many lame niggas on my dick  
Too many shows now a young nigga rich  
It ain't fair  
Way too many it ain't fair, way too many it ain't fair  
Way too many it ain't fair, way too many it ain't
