Lemonade

K Camp

Woah, woah
Woah, woah
Ayy, ooh
VVS diamonds like lemonade (Woah)
VVS diamonds like lemonade (Woah)
Ooh, ooh, ooh, ooh

VVS diamonds like lemonade (Woah)
I'ma go big on you anyway (Yeah)
We just took a break and I been thinkin' 'bout you
[?] girl, I gotta shake you
Whatever you do, don't let a nigga break you
Put you on your feet, won't tell the world I made you
Nigga play with me, I guarantee he make the news
Niggas sell they soul for some likes and some views
I remember nights I laid my head on the floor
I just told my mom and them that it won't take me long
I don't understand how you be mad at me though
Time to show me how to love, I never had it before
Shawty keep it trill, if she even fall asleep
She'll leave the key for me, I'm comin' through the back door
Baby, would you have the same love for me if I was still [?] in the b
ando?
I gotta get [?] want a bigger bankroll
Whenever I'm with you it feel like the pain gone
Hit her from the back while she got my chains on
Prayin' for my dawg, he locked in the cage gone
I know some demons that's lurkin', they murkin'
They don't know no better, they just wanna leave
Why you keep callin' me? You tryna bother me
Know you gon' lie to me, you don't want shit
Might hit the jeweler, tryna get rich
Pain in my eyes, I can't even hide it
Would you keep it real if I made you my bitch?
If you say you mine, shit, I won't deny it
[?] do, shit, you wouldn't like it
[?] do, shit, you wouldn't like it
Oh, time and time again, baby, where you been?
I been searchin' all day for you
Standin' in the hallways for you
Nigga get it broad day 'bout you

Day for you
Ooh, ooh, ooh
Day for you
Ooh, ooh, ooh
Ooh, ooh, ooh
