

Life Has Changed

K Camp

(Rare Sound)

My whole life has changed
Ever since that I got rich
I done came through pulled up in some shit, diamonds on wrists (Woo)
My whole life has changed
When then racks came through, that's when she knew
I'm that nigga (Yeah)
I'm that nigga (Yeah)
I'm that nigga (Yeah)
I'm that nigga (Yeah)

I'm that nigga, ever since I done got richer
I just might fuck on yo sister
I just might bust down a Richard (Yeah)
No kizzy, I made it out of the trenches
Remember them days I was catchin' them plays
On the block it was me and my hitters

But my whole life has changed, now I'm rich as bitch
I can cop me some drip, 'bout to cop me a whip
But don't think I'm a lick, 'cause I got me a stick
Your whole life can change that quick
This ain't that and that ain't this
Worryin' 'bout me better watch yo bitch 'cause

Ever since that I got rich
I done came through pulled up in some shit, diamonds on wrists (Hey)
