Aye get fucked up
Drink a little bit, smoke a little bit, pop a little bit, aye get fucked up
Drink a little bit, smoke a little bit, pop a little bit, aye get fucked up
We ain't doing much tryna have a good time
Got 4 bad bitches man the pleasures all mine
Girls kissin' girls best believe they all fine
Gir-girls kissin' girls best believe they all fine
Let go, let go, let go, let go
What you doin'?
Drink a little bit, smoke a little bit, pop a little bit, aye get fucked up
Drink a little bit, smoke a little bit, pop a little bit, aye get fucked up

4 bad bitches, man the pleasure all mine
We ain't doin' nothing, tryin' to have a good time
Roll around the city, Porsche seats on recline
4 bad bitches fuckin' at the same time
Bitch named Keisha got an ass like a bubble
Feed her M&M's, watch it turn to some trouble
Two hands on the ball, shorty just doubled
Once I get mine I ain't trying to cuddle
All in the party hippy trippy off the henny
Jar full of weed, baby girl I got plenty
Break fast for the chick like I work at Denny's
Shawty where the shots I need many, many, many
Molly in the system, drinkin' out the bottle
Shorty goin' in, going hard full throttle
Instagram likes got her feeling like a model
If you looking' for the drugs, don't worry I got em

Aye get fucked up
Drink a little bit, smoke a little bit, pop a little bit, aye get fucked up
Drink a little bit, smoke a little bit, pop a little bit, aye get fucked up
