

## Make a Wish

K Camp

You're lookin at a star, make a wish  
Top down, ridin with yo bitch  
Money on me, that's a zip  
Nigga hate but it don't mean shit

Top down, ridin with yo bitch  
Big in the city, no crib  
I'm all in her mouth like spit  
You know a nigga Will, I'm like Smith  
Come for that Henny, understanding  
Fly like a hot new wheel  
Get more neck than a bill  
Independent crown, what's the deal?  
Open that thing like a letter  
Tuck mo cash than the teller  
The bitch steady bustin like berettas  
In that cut, bad boy know better  
And the kush got a nigga paranoid  
Steady lookin out for the boys  
Nigga this a hit, no Floyd  
Ya'll niggas ain't makin no noise

You're lookin at a star, make a wish  
Top down, ridin with yo bitch  
Money on me, that's a zip  
Nigga hate but it don't mean shit

Hate but it don't mean shit  
Nigga I ain't worried bout you  
I'm the new thing or the same  
I should be worried bout who?  
This shit started as a dream  
Now a nigga hot like soup  
Aye nigga what you mean?  
Play that thing a holiday like true  
Fuck it boy I'm livin it  
I need a couple days, I'll be out here  
She heard I'm too cool like Snoop  
And the bitch wanna drop it like it's hot  
Boy I be everything that you're not  
See yo bitch getting lower than the squad  
Girl you know you fuckin with a winner  
The price going up like stocks

You're lookin at a star, make a wish  
Top down, ridin with yo bitch  
Money on me, that's a zip  
Nigga hate but it don't mean shit
