

Regret

K Camp

Yeah, yeah
Yeah, yeah, yeah, yeah
Oooh
1, 2, 3

Throw my life for you, life for you, life for you
Throw my life for you, life for you, life for you

You know I'd die for you, die for you, die for you
I'll never lie to you, lie to you, lie to you

I don't wanna see you with nobody else but me

You went from messy to classy
You went from dirty to polished
You went from lavish to living
Just say the word and you got it

I decide that I trust you and comfort you
You make me wanna give anyone up for you
I don't wanna see you with nobody else but me
