

# She Got It

K Camp

Aha, K-Camp  
She got it  
She got it, she got it, she got it, yeah  
She got it, she got it, she got it, yeah

I love the way you move, girl, yeah, and that's for sure  
Any way you want it, you just gotta let me know  
She got me in my pockets  
You already know she 'bout it  
Ass, face, oh yeah, we know you got it  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)

Look, I told her ass wide, face wide, just the way I like  
Bad bitch, yes you, it's going down tonight  
Let me see you work that floor and do just what you do  
And later take her to my crib and bust it for my crew  
Okay, it's going down in this bitch in a major way  
Bottles, models, yeah, we run this shit, no relay  
Okay, she with her team and this song is for you  
So come back to my crib, girl, this what we gon' do

We start off on this floor and end up on that bed  
You rubbing through my head while I'm all between your legs  
I love the way she do it, so I gotta get that  
Make a move to my spot, know that I'm gon hit that, hit that

I love the way you move, girl, yeah, and that's for sure  
Any way you want it, you just gotta let me know  
She got me in my pockets  
You already know she 'bout it  
Ass, face, oh yeah, we know you got it  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)

Look, I tell her, "Everything you do, I swear you make it look so good  
Make a nigga like me wanna take you out the hood"  
She got it for sure  
I love the way you do it but, I'm tryna see some more  
Oh, she bring her own cashy  
Jeans fitted right and her jewelry stay flashy  
Baby, come with me, ain't tryna be picky  
But I get straight to it, no time for no hickey

We start off on this floor and end up on that bed  
You rubbing through my head while I'm all between your legs  
She love the way I do it, so I gotta get that  
Take you home to my spot, you know that I'm gon hit that, hit that, yeah

I love the way you move, girl, yeah, and that's for sure  
Any way you want it, you just gotta let me know  
She got me in my pockets  
You already know she 'bout it

Ass, face, oh yeah, we know you got it  
She got it, she got it, she got it (Yeah)  
She got it, she got it, she got it (Yeah)
