K Camp

So important, I ain't tryna speak (So important)
So important, made a hundred last week (Made a hundred)
Talkin' 'bout tricks, got too many up my sleeve
These hoes know that that money don't sleep

Yeah, that money I hold onto
I got a hold on you
These niggas say they gang
So quick to fold on you
So important, so don't waste my time
I never go out sad, ain't cuffin' shit that ain't mine (Hey)
That money talkin' to me
I put some legs up on that bitch, that money walkin' to me
My pockets full of them hundreds, that's why I'm walkin' funny
These bitches still ain't on shit, so they can't get nothin' from me
These niggas ain't talkin' 'bout no cash
I can bring it in 'bout six ways
I ain't been asleep in 'bout six days
Young boy cuttin' up like a switchblade
So important, they talkin' like I switched
Ain't nothin' changed but these diamonds on my fist

So important, I ain't tryna speak (So important)
So important, made a hundred last week (Made a hundred)
Talkin' 'bout tricks, got too many up my sleeve
These hoes know that that money don't sleep
