

## Something Outa Nothing

K Camp

Tryna make somethin' out of nothin'  
Tryna make somethin' out of nothin'  
Just a young nigga tryna make somethin' out of nothin'  
Tryna make somethin' out of nothin'  
Just a young nigga tryna make somethin' out of nothin'  
Tryna make somethin' out of nothin'  
Just a young nigga tryna make somethin' out of nothin'

Struggles in the past and I made a transition  
Started with a mic then I turned it to a vision  
In the driver's seat, keys in the ignition  
Boy I'm tryna ball on you bitches, Skylar Diggins  
Ain't no way around it, I'm the problem and solution  
Gettin' it, if you wanna know what I'm doin'  
Only talkin' beef when you boys barbecuin'  
Know some real niggas posted on the block, Patrick Ewing  
Step by step, I ain't got nothin' left  
Been learned the game, I don't need no ref  
Nigga too funny, AKA Mike Epps  
All I know is work like my young nigga Chef

Made it out the mud, yeah we got it out the trenches  
'Member them days we were jumpin' over fences  
They can stop who but his grind is relentless  
All I see is paper like I'm sittin' in detention

Just a young nigga tryna make somethin' out of nothin'  
Tryna make somethin' out of nothin'  
Just a young nigga tryna make somethin' out of nothin'  
Tryna make somethin' out of nothin'  
Just a young nigga tryna make somethin' out of nothin'  
Tryna make somethin' out of nothin'  
Just a young nigga tryna make somethin' out of nothin'

I ain't really worried 'bout none of you niggas  
Not at all, fuck around, start sonnin' you niggas  
Yeah I'm talkin' to the plug, that's frontin' you niggas  
Runnin' off with the sound, there's a ton of you niggas  
Nigga it's a movie every time that I do it  
If I don't know nothin' else, bitch I get to it  
Came here to ball, yeah I will [?]  
She gon' give me neck, lil bitch, just [?]  
Young nigga tryna get a piece of the pie  
Reppin' that 4 like the month of July  
Ho hit me up, no need to reply  
She ain't show me love when my pockets was dry
