(This ain't Rare Sound, I don't wanna hear it)

Yeah, oh-oh-oh

It's too easy, she gon' let me in that pussy, that's too easy
They done let me run my check up it's too easy
Shooters shooting from the neck up that's too easy
Grab my blicky then bless up life ain't easy
Can't give up on my guys, that's too easy
You can't fill my head with lies it ain't that easy
Diamonds dancing on my chest just like Chris Breezy
Tables turn you better watch just how you treat me

I got the right to play diamonds gon hit like Ike today
I brought the sprite today Za got me high as a kite today
Let's get right ok, fuck around change your life today
Earned my stripes ok, don't get your boyfriend wiped today
That boy took off like where he go
Came from the bottom to a CEO
I did shit they ain't see before
Remember how they treated me when I was low
Now a nigga back bitch
Put the whole gang on my back bitch
Plaques on plaques bitch
Turn this shit up and get ratchet

It's too easy, she gon' let me in that pussy, that's too easy
They done let me run my check up it's too easy
Shooters shooting from the neck up that's too easy
Grab my blicky then I bless up life ain't easy
Can't give up on my guys, that's too easy
You can't fill my head with lies it ain't that easy
Diamonds dancing on my chest just like Chris Breezy
Tables turn you better, watch just how you treat me

Shawty tuned in like the way I jugg
Feeling like pop these niggas my kids
Deep in that water like a mufuckin squid
Run off the beat then I'm jumping off the grid
Knowing I'm going up better place your bid
Tired of being broke then you better get rich
Gang hit the phone then you know I'm gon' slid-slide
Niggas ain't talking bout shit
Safe to say this shit too easy
It's on me no Yella Beezy
Outta here I ain't talk no Weezy
Get it how you live this shit too easy
Took me a half now I'm seeing these colors
Them my guys them my brothers
It's only one can't be no other
Heart still cold, can't trust

It's too easy, she gon' let me in that pussy, that's too easy
They done let me run my check up it's too easy
Shooters shooting from the neck up that's too easy
Grab my blicky then bless up life ain't easy

Can't give up on my guys, that's too easy
You can't fill my head with lies it ain't that easy
Diamonds dancing on my chest just like Chris Breezy
Tables turn you better watch just how you treat me

Can't give up on my guys that's too easy

Too easy
