

Trill Love

K Camp

Yuh, trilla
White paint on my Benz, won't say it
Let's see it
Lil mama been down for me
Trilla
Back seat drunk I don't feel her
I know them lies hurt, won't heal her
I know it ain't perfect but it's still love, still love oh yuh yuh yuh

Trill love, I can't wait to feel love
Real love, if you sick I'll help you heal love
Conceal love, it's that perfect and ideal love
Let a nigga play with you might have to kill love
Fear love, ask my God to take my will love
Tear love, fantasy that's so surreal love
Dear love, I know that you like to steal love
So I don't walk outside the crib without that steel love

Dumb love, say it here I come love
Put you in them positions that make you cum love
Drunk love, trappin' out the trunk love
Say your butt getting big, you know it shrunk love

Wild money, shawty lame and it style funny
Smile funny, put carrots on you like Bugs Bunny
They all be jealous when they found out I treat you this way
But it's that trill love, fuck what they say

Yuh, trilla
White paint on my Benz, won't say it
Let's see it
Lil mama been down for me
Trilla
Back seat drunk I don't feel her
I know them lies hurt, won't heal her
I know it ain't perfect but it's still love, still love oh yuh yuh yuh

I've been with them ratchets all day
I've been with some ratcgets getting paper
Stuntin' is a habit always
I make a mask up just so I can save face
Olufalarin
Oh you know they watchin'
First they was designer now they got on what I got on yeah
Look at my shawty, lookin' like my tomorrow
She look like everybody applauding at the Apollo yeah

If you know you know you know
Step on brothers like mo, just boats and hoes
This level is top tier, will never get cold
So umbacita, mamacita will make a cinco, five trill love

Yuh, trilla
White paint on my Benz, won't say it
Let's see it
Lil mama been down for me
Trilla

Back seat drunk I don't feel her
I know them lies hurt, won't heal her
I know it ain't perfect but it's still love, still love oh yuh yuh yuh
