Uh, what's on your mind?
Cause you been acting differently lately girl
What's on your mind?
I'm tired of arguing (I need to know)
What's on your mind?
What's on your mind?

Wait why you trippin' on a hoe I ain't seen before?
Let's be real I just want you and I need you more
You think I'm lying every time that I speak
And you still bitchin' about some shit from last week
Why you wanna go through my phone? (Why you wanna go through my phone?)
Let's go
Sorry if I lead you on (Sorry if I lead you on)
I know you tired of sorry's
Pick up the phone and call me
Hate it when you ignore me
Baby let me finish my story

Pressure break pipes,
Why do we fuss every night?
Girl it's alright I just want you in my life (What's happenin'?)
I'll be your knight, came to save you hold tight
Hold tight, hold tight, cause you been trippin' all night

What's on your mind?
Cause you been acting differently lately girl
What's on your mind?
I'm tired of arguing (I need to know)
What's on your mind? (What's on your mind?)
What's on your mind? (What's on your mind?)

Jacquees, king

Tell me what's wrong, baby tell me what happened
We been lovers so long, that don't mean that we happy
Can't read your mind, don't leave me hanging shawty talk with me
You know who you are to me, you know who you are to me

I slipped up and you demanded a change
Doing my best to not do you the same
We can't rewind, pause or playback
If you can't forgive me then just say that

Pressure break pipes,
Why do we fuss every night?
Girl it's alright I just want you in my life (want you in my life)
I'll be your knight, came to save you hold tight (hold tight)
Hold tight (hold tight) hold tight, cause you been trippin' all night

Cause you been acting differently lately girl
What's on your mind?

What's on your mind? (What's on your mind?)
What's on your mind? (What's on your mind?)

What's on your mind?
