Make you different
Think I'm different
(It's that Trappin N London for sure)

Why they try to play with that boy? Know he goin' places
Shawty got a vibe like Coi Leray, pockets full of faces
Gotta watch your back with these hoes, keep your eyes up
I go back to back with these hoes, keep them thighs open
She gon' spin that block every time 'cause my vibe chosen
Step outside, know I got shit on, plus my time frozen
They all know the type shit we be on (Oh, they know it, ayy)
Most that pain, I felt that on my own (Ain't short, ayy)

(Yeah) Livin' what I love to do
You want me to pull up on you, fuck you good and cuddle you (Yee

Born to do this shit, I got lil' sisters and lil' brothers too

Calm it down, I'm not dude, pocket full of pink and blues
