

What make you different?
Do you listen?
Is you one to keep it solid?
Is you snitchin?
Is you thorough?
Is you bitchin?
Aye don't front
Is you impressed by what I'm kickin?
What's yo style?
How you comin?
Is you drippin?
Too many hoes, in the water, I'm fishin
My wrist, on snow, is it Christmas?
My bitch, on go, that's the misses
My foreign, on skates, don't miss it
I'm kickin, this flavor, real different
Don't think, I'm from, this dimension
Shawty want, ex-ex, extension
This year, I'm ballin, like the Sixers
Young nigga, above the rim, Ben Simmons
Yellow diamonds, my wrist, is a Simpson
Tryna fall, for these hoes, you trippin
Let's go
Tryna fall, for these hoes, you trippin
Let's go
Aye don't front
Is you impressed by what I'm kickin?

Only thing that I see is the top
Since a youngin, all I wanted was the guap
What that is on yo side? That's a Glock
If that nigga on his shit, give him props
My lil shawty keep on playin with that box
Treat that shit like my dreads, it's on locks
Man I think I should turn it up a notch
Can a nigga put this dick in yo crotch?
When my niggas switched on me I was shocked
Shit I'm feelin, I been feelin this a lot
How the hell you spend bout 60 on a watch?
How the hell you spend bout 60 on a thot?
I got knots
I'm on go, I can see who tryna plot
Up the stocks
Shawty say that I'm slicker than a fox
Geek a lot
I just pray you keep it trill 'cause you my rock
It don't stop
In the hills but we came from the block

And they try to doubt me
If it ain't bout money keep that shit from round me
You keep it 1K, I'll treat you just like family
You say you been searchin
Well look up you found me
