

# Wanna Do You Right

K-Ci & JoJo

My lady my lady listen  
I'm been doin' you wrong for so damn long  
But now I want to do the right thing for you lady  
I can't live like this no more  
I've gotta get you back some how some way  
Please come home

I've been doin' you wrong girl  
For so damn long girl  
Now I'm singin' this song girl  
'Cause baby I want to do right

I've been doin' you wrong girl  
For so damn long girl  
Now I'm singin' this song girl  
'Cause baby I want to do right

Listen  
Time goes by we grow apart  
But now I've had a change of heart  
Please believe me  
There's no smile upon my face.. no no no no no  
'Cause I know the truth is standing right in front of my face

I've been doin' you wrong girl  
For so damn long girl  
Now I'm singin' this song girl  
'Cause baby I want to do right

I've been doin' you wrong girl  
For so damn long girl  
Now I'm singin' this song girl  
'Cause baby I want to do right

No I can't lie  
No more  
No I can't cheat  
No more  
No I cannot play  
No more  
Baby I just can't  
No more  
Baby I want to be the man that you need  
Girl can't you take me back  
Baby baby please

If you don't take me back  
I'll understand  
Yes I will  
Yes I will  
It's only my fault 'cause I was not a real man  
I'll do the very best I can  
Oh yes I will  
Raise my hand to god  
I won't  
Never love another  
I would never cheat again baby

I've been doin' you wrong girl  
For so damn long girl  
Now I'm singin' this song girl  
'Cause baby I want to do right

I've been doin' you wrong girl  
For so damn long girl  
Now I'm singin' this song girl  
'Cause baby I want to do right
